23rd September 2018

Judging a person does not
define who they are.....
it defines who you are.

Twenty Fifth Sunday of Ordinary Time.

What kind of world do we want to leave to those who come after us, to children who are now growing up?' (Laudato Si', 160). In the context of today's gospel we might ask: how are we welcoming generations to come? Pope Francis urges us to remember that the goods of the earth are not meant to be exploited and states, 'Doomsday predictions can no longer be met with irony or disdain. We may well be leaving to coming generations debris, desolation and filth.' During this creation time let us reconnect once more with nature and restore our

relationship with the environment. As parish communities we must play our part in ensuring that our world is liveable for generations to come. 'Climate change is a global problem with grave implications: environmental, social, economic, political and for the distribution of goods. It represents one of the principal challenges facing humanity in our day.' POPE FRANCIS, LAUDATOSI', 25
